**Hot-Water Pressure Washers**

**Oil Fired / Direct Drive**

- #1 in North America for High-Pressure Cleaning Equipment
- Nothing Cleans Like a Hotsy!
- ETL-Certified to UL-1776 Standards and to CSA

**Gas-Engine Series**

**FEATURES**

- 2.7 to 3.8 GPM @ 2400 to 3500 PSI
- Oil Fired Heaters / Direct Drive Pumps
- 12 Volt DC Burners
- Honda or Subaru Gas Engines (Electric-start engines available)

**Model 871SS:**
- Oil Fired, 2.7 GPM @ 2400 PSI
- 6-gallon, removable, rust-proof polyethylene fuel tank has fuel gauge in cap
- 12" heavy-duty pneumatic tires
- Control box with adjustable temperature control lighted burner On/Off switch and hour meter
- Hotsy-designed triplex direct-drive pump carries a 7-year warranty
- Upstream detergent injection
- Heavy-duty roll-cage chassis protects internal components
- Heavy-duty regulator I rectifier eliminates the need for battery
- Stainless-steel coil skin provides extra durability and resists corrosion
- Lifting eyes let power equipment do the hoisting
- DC Oil-fired Beckett burner
- Stainless-steel coil skin provides extra durability and resists corrosion
- Lifting eyes let power equipment do the hoisting

---

**Model 965SS**
- 3 GPM@3000 PSI; Honda OHV GX270 gas engine;
- 12V DC water heater (Battery not required)

**Model 1065SSE**
- 3.5 GPM@3000 PSI; Honda OHV GX340 electric-start gas engine;
- 12V DC water heater (12V Battery required, not supplied) Electric-start engines available on Honda models GX340 & GX390

Clean better with Hotsy detergents

Hotsy pressure washers and parts washers clean best when matched with specially formulated Hotsy detergents. More than 40 liquids and powders meet every cleaning need imaginable. Nearly all contain Hotsy’s exclusive advanced-formula HCC additives to help prevent scale build-up and to fight corrosion in your equipment. All Hotsy detergents are highly concentrated, so a little goes a long way.

Spend some time with a Hotsy Expert

Hotsy has more than 130 local distributors in North America, all factory-trained to properly evaluate your high-pressure cleaning needs.

Over 80% of Hotsy’s distributors have been supporting Hotsy systems for more than 20 years.

This seasoned network of local application specialists will ensure you get the safest, most effective and most efficient cleaning solution to your specific cleaning need.

---

Hotsy’s upright burner design provides maximum efficiency for fast heating, easy venting in indoor applications, plus excellent fuel economy.

### Hotsy Accessories customize your application for top performance

- **Upright burner design**
- **Industry’s best heat exchanger**
- **Easy service design, accessible components**
- **Hotsy designed & specified components**

- **Telescoping wands** extend to 24’ to reach high places without scaffolding
- **High-pressure turbo nozzles** for faster cleaning
- **360° Pivot and non-pivot hose reels** keep hose neatly stored and shop areas safe
- **Rotary surface cleaner** attaches to your pressure washer; reduces overspray and zebra striping

## Hot-Water Pressure Washers

### Oil Fired

- **Hot-Water Pressure Washers**
- **Oil Fired**
- **www.Hotsy.com**
- **Nothing Cleans Like a Hotsy!**
- **#1 in North America for High-Pressure Cleaning Equipment**

### Features

- **3 to 4.6 GPM @ 3000 to 3500 PSI**
- **Oil Fired Heaters / Belt Drive Pumps**
- **12 Volt DC Burners**
- **Honda or Vanguard Gas Engines**

### Belt Drive Gas-Engine Series

### Oil Fired

- **ETL-Certified to UL-1776 Standards and to CSA**
- **Hotsy-designed triplex belt-drive pump** carries a 7-year warranty. Slower RPMs provide less wear and tear on the pump, and enables the pump to draw from water tanks.
- **Belt-drive pump** - slower RPMs than a direct drive pump. Belt drive systems operate smoother, as the belts act as a dampener for vibrations and pressure spikes.
- **Model 965B is Powered By Honda GX270 Engine**
  - 18 amp charging system
  - High efficiency cooling & precision lubrication systems
  - Easy-pull start
- **Control box** with adjustable temperature control lighted burner On/Off switch and hour meter
- **Downstream detergent injection**
- **8-gallon, removable, fuel tank** has fuel gauge in cap
- **Heavy-duty roll-cage chassis** protects internal components
- **Lifting eyes** let power equipment do the hoisting
- **Trigger gun control** with cool-grip and variable pressure wand
- **Beckett DC Oil-fired burner**
- **50-ft wire-braided high pressure hose** with swivels at both ends
- **Gas-Engine Model 965B:** Oil Fired, 3.0 GPM @ 3000 PSI (Show with optional casters and wheel kit)

### Hot-Sy Belt Drive Gas Engine models are versatile; convert the standard trailer mount unit into a portable unit with 2 wheels / 2 casters (above), a 4 wheel kit with pneumatic tires or a skid unit for moving by forklift.
